THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

NOBLE CONDUCT OF A NEWFOUNDLAND DOG.—The dog Rolla, belonging to Mr. Aums, of 60 Courtlandt street, on Sunday last, performed one of those heroic deeds of humanity for which the Newfoundland breed is remarkable. An interesting little boy, about ten years old, while playing near the water at Hoboken, lost his balance and fell in. The tide sweeps along the shore there with great rapidity, and the little fellow in a few moments was carried apparently beyond the reach of human assistance. The lad, it seems, could swim a little, but just as his strength was giving way, the dog, a short distance from the spot, quick as thought, dashed through the crowd, leaped into the water, and in a minute more had the boy by the collar secure between his teeth. To bring him ashore, back to that particular place, however, was an impossibility, owing to the force of the current; so that the only hope was to make a point of land some distance ahead (between Jersey City and Hoboken), and for that quarter Rolla steered his course, amidst the applause and excitement of the spectators. On went the noble animal, bravely buffeting the tide, and careless of the shouts of applause, all the while keeping the boy's face out of water. He reached the goal at length with his precious burthen, safe and sound, but a little faint and frightened; and no sooner had he laid him down than the noble animal sunk exhausted on the sand. He was instantly surrounded by a numerous crowd of people, who had been eye-witnesses of the scene, vieing with each other in showing kindness to the heroic animal that had thus risked his own life to save that of a helpless human being. Some idea of the labor performed by the dog is had in the fact of the entire distance he had to swim is no less than *two miles.*—*Express.*

INDIAN MURDER IN MINNESOTA.—The feelings of the people of St. Paul were painfully shocked on Monday last, by learning that Mr. Elijah Terry, brother of John C Terry, formerly of the Minnesotian office, had been murdered by a war party of Sioux Indians who had made their way to the settlements on Pembina river. Mr. Terry left here last March to assume the post of teacher upon that distant frontier, but has been cut down ere his career scarcely commenced. He was a young gentleman of unassuming department, an exemplary Christian and universally respected by those who knew him. With a companion, Mons. Zaste, a half-breed, he had started to the wood on the morning of his death to hew timber, when they were fired upon by five Indians in ambush. A ball broke Mr. Terry's arm, and passing through entered his body below the shoulder. He was afterwards shot through the body with arrows, tomahawked and scalped. M. Zaste was wounded in the face, but escaped.—*Minnesotia Aug. 7.*

A BONAPARTE IN THE AMERICAN ARMY.—A promotion of 43 cadets of the Military Academy at West Point has just taken place in the U.S. Army. We remark among the number the name of the cadet Jerome Napoleon Bonaparte, who was No. 11 in his class at the time of the examination, and who is appointed to the regiment of mounted riflemen. He is the grandson of Jerome Bonaparte, brother of the Emperor Napoleon, Ex-King of Westphalia, and now President of the French Senate. His grandmother, Madame Patterson, first wife of Prince Jerome, resides in Baltimore, and is in possession of a considerable fortune.

AN AFFLICTED FAMILY.—The family of the late Professor Kingsley, of West Point, have been sadly and painfully bereaved. In the year 1834 or 1835, four lovely children died in one week, of scarlet fever; subsequently yet another died after protracted sickness; then Professor Kingsley, in 1846, was thrown from his horse, receiving injuries from which he died; the remaining members of the family, in 1850, were thrown from a carriage, and the youngest child, aged five years, was killed.—Two daughters, aged thirteen and twenty-one, were among the lost on the *Henry Clay.* The heart-broken mother and one son are the only survivors of this stricken household.

THE YACHT AMERICA.—The *Africa* brings news that, on the 28th the *America*, when running into Plymouth harbor, came into collision with a fishing smack, and went aground for some hours in an ebb tide. Tackles were run from her mast-head to the floating bridge to keep her upright.—It is thought her copper will be damaged and the hull and mast strained by the accident.

INDEPENDENT JUDICIAL CONVENTION.—We publish in this morning's *Sentinel* a call for an Independent Delegate Convention at Madison on the 1st of September, to nominate candidates for the Supreme Court. The call is most numerously and respectably signed, and by men of all parties. Several of the lists in circulation have not yet been returned, but upwards *of one thousand* names are signed to the call, and a thousand more could have been obtained without difficulty. We do not doubt that *two-thirds*, at least, of the electors of this city are in favor of this call for an Independent Judicial Convention.

Another Warning for the West!

The Savannah *Georgian*, the organ of the "democracy" in that State, publishes the yeas and nays on the River and Harbor Bill, and thus seeks to turn the vote to political account:

> "Look at that list! On one side, in favor of the measure, you will see all the Northern votes, with the exception of a few ever-faithful and never-too-much-to-be honored Northern Democrats.—Among these last, our eye rests with *inexpressible pleasure* upon the name of HARRY HIBBARD, of New Hampshire, and the friend of FRANKLIN PIERCE, and, we believe, the Representative of his District. A little lower down is that of PEASLEE, another Granite State Democrat.—With Hibbard, Peaslee, and Jackson, stand nearly every Democratic member of Congress from the South."

Here you have it! The Savannah *Georgian* points exultingly to the fact that both the "Democratic" members from New Hampshire and especially the "friend" and "representative" of FRANKLIN PIERCE, voted *against* the River and Harbor Bill. The Richmond *Examiner*, the organ of Virginia "democracy," while mourning over the passage of this bill in the House of Representatives, comforts itself and its readers with the assurance that it will be the *last* for some years as MR. PIERCE, if elected President, "will *veto* all such bills *as surely as there is a sun in heaven*!" Can any Western man, not hopelessly blinded by party prejudice, really believe that under the Pierce administration (should such a calamity befall the country) we should ever get a dollar appropriated for River and Harbor Improvements? And will the West sustain a party and platform whose corner-stone is opposition to her most important interests?

That "Fire in the Rear."

The *News* publishes a column of assertions relative to so-called bolters from the Scott ranks. The large majority of its names is composed of men who have long ago ceased to be whigs, while particular pains is taken to represent the bolters as "leading, influential Whigs."

With regard to some of the names mentioned, there is about as much truth in the story of their defection as there was in the statement of the "200 Whigs in Newark, N. J. who had joined the Pierce and King Club in that city," when it was notorious that no club had been formed.

But suppose the Honorables, Ex-members, Col's and Genl's *do* go—what then? Why we could fill column after column with such paragraphs as the following from the Columbus (O.) *Journal*, showing that the *People* are with us:

> GENERAL CAVING IN.—We have conversed with a respectable intelligent man, heretofore voting the Democratic ticket, who will vote for Scott, and says he knows of at least *two hundred* men in his county—a county not within fifty miles of either of those mentioned above—who have generally voted the Locofoco ticket, but who will vote for Scott next fall.
>
> *The cry is, Still they come!*—Another letter, from the county mentioned the other day, in which a list had been made of NINETY-SEVEN Democrats who are going for Scott, says that the writer has still another list, the number not stated, but it must be a large one, because he says "AMONG THEM ARE OVER SIXTY GERMANS.

Lake Shore Rail Road.

We published in yesterday's *Sentinel* the proceedings of a meeting held in this city on Saturday evening last to appoint Delegates to a Rail Road Convention at Racine on the 16th instant, to take measures for expediting the construction of the Green Bay, Milwaukee and Chicago Rail-Road. The meeting here was well attended and a very zealous and united feeling manifested in favor of pushing ahead this important enterprize. The delegates appointed, some fifty in number, left our city yesterday morning in the steamer *Golden Gate* to attend the Racine Convention. Arriving at Racine soon after 10 o'clock, a call was issued for a Rail Road meeting "forthwith" at the Court House. It was intended as preliminary to the gathering of the Convention and drew a large and respectable audience to the Court House.

The meeting was called to order by JAS. R. DOOLITTLE Esq., and, on motion, Gen. PHILO WHITE was appointed Chairman and C. S. CHASE Esq., Secretary.

Gen. WHITE, on taking the Chair, briefly referred to the objects of the meeting; to the great importance of the proposed Rail Road to Racine and the Lake towns generally, and expressed his gratification at the lively interest taken by Milwaukee in the enterprize, as manifested by the large and respectable delegation in attendance from that city. He trusted that the citizens of Racine would extend a cordial welcome to their friends and neighbors from Milwaukee.

Mr. DOOLITTLE moved that the People of Racine resolve themselves into a Committee of the Whole for that purpose, and this motion having been carried, he further moved the appointment of a Committee on organization and a Committee on Resolutions, to report at the regular meeting of the Convention in the afternoon.

Mr. DURAND, of Racine, expressed a desire, before voting on these motions, to hear from some gentleman, familiar with the history of the enterprize thus far, a brief account of its condition and prospects.

In reply to this call, Mr. LEVI BLOSSOM, of Milwaukee, addressed the meeting at some length, entering fully into the history of the Company's organization, the preliminary survey of the road, and the importance of the work to the Lake Shore Counties and to the State generally. He spoke with much animation, and was listened to with marked interest.

At the close of his remarks, the motion to appoint committees was put and carried, and the following gentlemen were selected by the Chair for the purpose named.

Committee on Organization—Messrs. J. R. Doolittle, W. T. Richmond, H. S. Durand, Isaac J. Ullmann, L. Jones.

Committee on Resolutions—Gen. Philo White, C. S. Chase, Seneca Raymond, J. W. Cary, H. S. Durand, J. R. Doolittle, C. K. Watkins, H. Kilbourn, Rufus King, Chas. S. Wright.

The meeting then adjourned to meet at two o'clock P. M.

The proceedings at the adjourned meeting we shall doubtless receive in season for our next paper. There was the promise, when we left Racine yesterday afternoon, of a large attendance, and evidence of an awakening spirit and interest among the people of the different towns more directly interested in the enterprize. The feeling seemed to be general that the Lake Shore road is one which ought to be built, which can be built, and which *will* be built, and that too within a comparatively brief period.

THE HARBOR BILL.—The River and Harbor bill is not yet passed. The whigs, Bell, of the Senate, Vannable, of the House, and others, are fighting it all the way through. They have determined to defeat the bill.—*Detroit Free Press.*

The above is a specimen of the manner in which the Loco Foco press insult the intelligence of the people. They carefully keep the *vote* in the House from them, and endeavor to deceive them with such stuff as the above. The bill was only reported three or *four* days since in Senate, and no discussion at all has been had upon it. There is no such man as "Vannable" in the House. There is, however, a Mr. *Venable*, of North Carolina, who, with the rest of his party representatives from that state, voted *against* the bill.

Here is another specimen of the same sort of thing, from the Green Bay *Advocate.*

It (the Harbor Bill) was harrassed, delayed and fought by such whigs as Campbell, Bell, Barrere, Stanton, Marshall, Stanley, Ewing, Yates, Davis and others, &c. &c.

Every man mentioned voted for the bill, except Marshall and Ewing, of Kentucky, while 62 straight Loco Foco votes were recorded against it!

Geneva Scott Club!

We publish this morning the account of the organization of the Scott Club at Geneva, Walworth Co. The friends of the old Hero are wide awake in that region, and mean to succeed.—They can't very well help it, with such an organization. The resolutions are just to the point, and we believe express the opinions of a majority of the voters of Walworth Co.

As another evidence that there is good work doing in that region, we are glad to say that we send to Geneva nearly 60 copies of the *Weekly Sentinel.*

MILWAUKEE WATER WORKS. *A chance for investment.*—All over the world, waterworks for the supply of large towns, unless constructed on a magnificent scale and at enormous expense, are counted among the best dividend paying stocks. On a scale of much larger expense than is proposed by the Company organized in this city, the return for the investment could not but be a very handsome one, and we cannot doubt that our citizens will look at this consideration, in connection with the more disinterested one of the vast benefits to accrue to the city generally, and subscribe liberally to the stock. Mr. GLIDDON, the contractor, and Mr. SCOWDEN, an engineer of great ability and experience, both from Cincinnati, are now in the city, examining into the prospects of success. They only wish to see such a feeling of interest manifested here, in taking up a fair amount of the stock, as will guarantee the success of the work, to return and report the fact to capitalists, who stand ready to cash their bonds to the amount desired. Let us have no holding back in this important matter.

JUDGE LARRABEE'S RESIGNATION.—In answer to our query about Judge LARRABEE's resignation, the last Madison *Democrat* favors us with the following information:

> We have the pleasure of assuring his over-anxious friends that the resignation *has been made* to the proper authorities, and within the time specified by the Convention, and that Judge Larrabee by all the forms prescribed by the party is now the regular Democratic candidate for Chief Justice of the Supreme Court of the great State of Wisconsin with every prospect of a triumphant election.

If the *Democrat* is as far out of the way in the first, as it is in the last clause of the above paragraph, the fact that Judge LARRABEE has resigned will be doubted by many. Let the public see the document and judge for themselves.

THE VOLUNTEERS ON DUTY.—The meetings of the Scott Volunteers of the city show a constant increase in members and interest. The room was well filled on Saturday evening, and a capital feeling was shown to exist, and be on the increase. Gradually the old fires are being lighted up, as the various Clubs throughout the country hear from each other, and each encourages the other to the conflict.

The Scott Glee Club was on hand, and aroused the enthusiasm of the meeting with some of the Campaign music, which is getting to be abundant and which our boys furnish forth in first rate style.

The Reading Room is open, day and evening, until further notice.

CARROLL COLLEGE.—This institution, located at Waukesha, commences a collegical course with its first Freshman Class on the 1st Monday of September next. Its preparatory department has been, and is, highly successful, and is doing a good work in training up numerous pupils for usefulness. We commend the Institution to the favor of the friends of thorough education throughout our State.

GENEVA SCOTT CLUB.

At a meeting of the friends of Scott and Graham held at Stafford's Hall, on Saturday evening, the 7th inst, the meeting was organized, by calling R. W. Warren to the Chair and appointing S. W. Spafard Sec'y.

N. L. Stout stated the object of the meeting—whereupon it was Resolved that we form a club to be known as the "Geneva Scott Club."

The following persons were chosen a committee to draft a constitution for said club: N. L. Stout Chairman, S. H. Stafford, B. T. Paine, J. J. Dewey, D. Locke.

The above committee were also instructed to prepare Resolutions for the next meeting.

On motion, S. W. Spafard, John Kinney, A. Donaldson, R. W. Warren and L. D. Hale were appointed to nominate standing officers for the Club, and to solicit subscriptions to campaign papers.

On motion adjourned to meet at same place on Thursday evening next.

R. W. Warren, Chairman,
S. W. Spafard Sec'y.

Adjourned Meeting.

After the adoption of the Constitution, the Committee reported the following officers, which were agreed to:

The Committee who was appointed to nominate permanent officers for the Scott Club, submit the following list:—

For President—T. P. RUTENBER.

For Vice Presidents—S. H. Stafford, J. T. Abell, Jas. A. Benedict, J. W. Hill, John Reek, A. B. Hatch, Hugh Reed, A. Merriam, Jno. Chapin, Thomas Kinney, Amos Stafford, Franklin Brewster.

Rec. Sec'y—B. S. Paine.

Cor. Sec'y—L. Chesley, Jr.

Treasurer—Robt. S. Dunbar.

Executive Committee—J. J. Dewey, D. Loch, L. D. Hale.

After the organization the following preamble and resolutions were adopted:

Whereas, Franklin Pierce and William R. King have been nominated by a late convention, styling itself Democratic, for the offices of President and Vice President of the United States; and Whereas, Winfield Scott and William A. Graham have been nominated by the late Whig Convention for the office named—therefor.

Resolved, That it becomes the duty of American citizens to inquire into the principles professedly held by the respective candidates for these high offices; and having become satisfied that the said Franklin Pierce and William R. King do not represent the policy requisite to enhance the prosperity of the people of these United States; because, by their votes in Congress they have, respectively, opposed such appropriations for the improvement of Harbors and Rivers, as have met the approbation of Martin Van Buren and Andrew Jackson, or such as are indicated by the statesmen of the whig party—and have by their votes, shown themselves hostile to such modification of the present tariff as will secure a Home market for the Agricultural products of the country, by protecting American Labor—therefore

Resolved, That, because Winfield Scott and William A. Graham are in favor of the above great national measures, we will give them an undivided and hearty support.

Resolved, That in Franklin Pierce we have a steady and consistent opponent of the right of American citizens to petition Congress on the subject of Slavery, and opposed to the legislation by Congress, upon the subject of Slavery in the Territory; therefore we, as free citizens of the Republic, have a right, judging him by his own speeches and votes, to consider the said Pierce as a willing ally of the Slavery propagandists of the South, and an enemy of the dearest right of freemen—the right to petition on all subjects affecting their interest, or the honor of the country.

Resolved, That in WINFIELD SCOTT, we have the consistant friend of freedom, who has fought, gallantly and nobly, for the liberty and honor of our common country in three Wars, and is committed to the right of petition on all subjects—even that of Slavery, and for these reasons, among others, the Slavery propagandists have refused to support him for the presidency; and for the same reasons which induces them to oppose Scott, they have given in their adhesion to Pierce.

Resolved, That, as citizens of the Great West, we deem it our duty—a duty we owe to the common interest of the West and North—to use our best endeavors to secure the electoral vote of Wisconsin for Scott and Graham.

Resolved, That Freedom is the great principle which underlays the constitutional Government of this country and that Slavery is local and sectional, and only sustained by local and sectional laws, and in confirmation of this glorious principle, we deem it the duty of every American citizen to oppose, heartily and firmly, the election of Franklin Pierce.

Resolved, That there is a "North," that will join hands with the lovers of Freedom in the South for the propogation of Liberty, against the Slavery propagandists north and south.

Resolved, That the "Democracy" of men are to be judged of by their *acts*, and not by their *loud professions*; and that we recognize only *professions* on the part of the self-styled democracy.

Resolved, That we cordially invite men of all parties, friendly to the election of Scott and Graham, to participate in the proceedings of this Club.

Resolved, That the deep interest manifested by British Monarchists in the election of Franklin Pierce, should cause every American citizen to *pause* and consider well before casting a vote for a man the monarchists are desirous of having elected to cary out their commercial policy.

The preamble and resolutions were unanimously adopted; after which the meeting was ably addressed by Dr. L. Chesley, whereupon the Club adjourned to meet at the same place on Thursday evening of next week.

Wauwatosa Scott Club.

WAUWATOSA, Aug. 14, 1852.

At a meeting of the Whigs of the Wauwatosa Assembly District for the purpose of making a Delegate to the Congressional Convention to be holden at Waterford, Racine County, 22d September, and for forming a SCOTT and GRAHAM Club, R. HOPPIN, Jr., was chosen Chairman, and A. LOVELAND, Secretary.

After a social interchange of feeling, in which several took part, E. G. Fowler was chosen Delegate to represent this Assembly District, in the Whig Congressional Convention.

On motion of E. G. Fowler it was—

Resolved, That it is expedient to form a Political Club, the object of which shall be to assist in the election of Scott and Graham.

And on motion of A. B. MOWER, CHAS. HART was chosen President, J. M. WARREN, Vice President, L. C. HALSTED, Secretary, and A. LOVELAND, Treasurer, till the permanent organization of said Club.

On motion, Chas. Hart, J. M. Warren, L. C. Walsted and A. Loveland, were chosen a Committee to draft a Constitution and By-Laws to be presented at the next meeting.

On motion of Samuel Church, it was—

Resolved, That the Treasurer be instructed to subscribe for fifty copies of ROESLER's Campaign Paper.

On motion, an Executive Committee was formed to consist of one from each School District. The following gentlemen were chosen:

First District—Capt. Caswell; 2d, Isaac Storms; 3d, Clark Brookins; 4th, W. N. Mower; 5th, O. Smith; 6th, R. Hoppin, Jr.; 7th, S. Church; 8th, E. C. Sage; 9th, R. N. Kimball; 10th, L. B. Potter; 11th, Dea. Barnes; 12th, L. H. Cotton; 13th, P. Wright.

After which the meeting adjourned to meet on the 28th inst, at 4 o'clock P. M.

"KEEP THE BALL IN MOTION!"

A. LOVELAND, *Secretary.*

TROUBLE IN ILLINOIS.—The Convention in Cook Co., to nominate democratic delegates to the Congressional Convention the other day had a happy time of it. Long John Wentworth was a candidate, and succeeded in getting his delegates appointed, but, says the *Argus*, a democratic paper:—

> Twenty-nine of the most quiet and influential members of the Convention protested against the proceedings as unfair and anti democratic, refuse to abide by them, and left the Convention. It was impossible to get an accurate account of the proceedings, because of the continued uproar that was kept up, but we will lay them before our readers as soon as we can obtain an official copy of them."

A Challenge Evaded.

I notice an article in the Chicago *Journal*, addressed to you, in reply to my challenge to the owners of the horse Chicago. The article in the *Journal* is headed *"a challenge accepted."* I presume this is a mistake of the Printer. It should have read *"a challenge evaded;"* since the owners of Chicago do not accept, in a *single* particular, my challenge, but substitute a new one of their own—an entire one-sided proposition.

These gentlemen also want it distinctly understood that I gave the challenge individually, and wonder I should be so anxious to give it. In reply, I refer them to the purses advertised to come off at Chicago, Nov. 4th, the treatment I received there, and the statement made to J. R. Treat, that they could beat me for a $1000.

Now gentlemen, as you ask for more time, I will give you to the 3d week in September, terms as I proposed; both to go in harness.

JOHN LAPOINTE.

MILWAUKEE, Aug. 16.

Coming out Right.

The N. Y. *Courier & Inquirer*, having held back for a long time from the support of SCOTT and GRAHAM, now comes out in a well considered leader, of which the following extract is enough to show the spirit:

> It is the part of Wisdom, after having zealously labored but in vain, to achieve a great purpose, to be content with such good as remains to us; and failing to procure nomination of Daniel Webster, and through him, the certain and easy triumph of Whig Principles, all that remains for his friends, is to determine whether Winfield Scott or Franklin Pierce is entitled to receive their support in the coming contest. As military men, no person in his senses, would venture to institute a comparison between them. In regard to the services which they have respectively rendered to their country, there is quite as little ground for a comparison. As Statesmen and civilians, even, Loco Focoism, is as unwilling to institute a comparison. And as private citizens in the walks of private life and in the daily discharge of their respective duties to their families, to society, and to their God—who will venture to assert that Winfield Scott does not compare favorably with Franklin Pierce?

WHAT DOES IT MEAN?—We find the following in the last *Detroit Tribune.* It can't be *our* DR WESTON, surely!—:

An Impostor!

A Pierce Missionary in Disguise! Whigs! Scott Men! Be on your Guard!

A man calling himself Doct. WESTON, yesterday called upon our Government Officers and other citizens, exhibiting a letter Envelope furnished by an Executive Officer, and claiming to be a Secret Agent of the Government authorized to inquire into the official duties of Government Officers. When asked to show his instructions, however, he said "he could not let them read them." His first official (!?) query was "who they were going to support for the Presidency." The unanimous and prompt reply of every man was, "Winfield Scott—we are all Scott men here, now." Upon which he exhibited the Wolf's ears, and volunteered to advocate the cause of Mr. Pierce, in strong terms, and language that we will not repeat. This we have from some of our Whigs, not officers, who happened to be present. We shall know more of this Pierce Missionary soon.

Now, we believe that this Doct. Weston is a Wolf in Sheep's clothing, an impostor—that he is neither a Secret Agent of the State Department or any other Department at Washington, or authorized to speak for Mr. Webster, and much less for President Fillmore; nor do we believe it is known to any one of them that he is acting as a Locofoco Pierce Missionary and against Gen. Scott for the Presidency. His course is sufficient evidence that he has abandoned the Whig Party, and, unless he exhibits his letters of authority, no government officer is obliged to pay any attention to him, or regard him in any other light than an Impostor, which we believe him to be, in every respect, and know him to be in claiming to be a Whig. We therefore, caution every Whig and every government officer, to be on their guard.

Great Celebration in Louisville!—Attention, West and South!

We are authorized and requested by the Whig committee of Louisville to give notice that the Whigs of the Western and Southwestern States, and indeed all the Whigs of the Union, are requested to meet in this city on the 14th of September to celebrate the triumphant entrance of Gen. Scott and his army into the City of Mexico.

We may well anticipate a tremendous gathering upon this occasion. It will be an occasion of deep national interest, appealing to the pride and the patriotism of the entire country. Men will then come together from *all* directions to commemorate a great and glorious event in our national history and at the same time to express the gratitude that dwells in all true American hearts for the hero by whose consummate military skill that event was so successfully accomplished.

We can assure all our friends everywhere that the amplest arrangements will be made by our Whig fellow-citizens to render their visit to Louisville on the 14th of September as delightful as possible.—*Louisville Jour.*

S-I-G-N-I-F-I-C-A-N-T-L-Y!—Here is the latest testimony to Gen'l Pierce's fitness for the Presidency, brought forward by a correspondent of that immaculate sheet, the N. Y. *Herald*:

> "I will tell you an anecdote of Pierce, which is apropos to the senseless charge of his being an aristocrat. A few days ago he was in company with two gentlemen from the South, and one of his fellow citizens, who was an honest fellow, but in very plain dress, and even 'out at the elbows,' met him; upon which General Pierce *shook hands with him* in the most friendly manner, just as if he was an equal in station to himself. This is exactly his disposition.

"Now, in the name of the all gods at once, upon what food doth this our Cæsar feed, that he hath grown so great?"

CONTEMPORANEOUS TESTIMONY.—The *Port Folio*, a journal published in Philadelphia in 1814, thus closes a notice of the campaigns in Canada and the victory at Chippewa:

> "To the gallantry and good conduct of Brig. Gen. Scott, the second in command, it is evident that the splendor of our success on the plains of Chippewa, are in a great measure, ascribable. To that hope of our army—*the Marcellus of the day*—we trust that the hearts of our countrymen will *never prove ungrateful*, nor their tongues be reluctant to bestow on him the merited need of praise."

It is reserved for the reckless party organs of this day to seek to rob WINFIELD SCOTT of the laurels so gallantly won in 1814, and freely awarded to him then by the unanimous voice of a grateful country.

☞ The *Volksfreund* does not refuse to exchange, and never did. There was no paper sent to us from the publisher of the *Stimme der Wahrheit*—no exchange asked—no place named where our carrier should have it—and no refusal given." *Volksfreund of yesterday.*

The carrier of the *Stimme der Wahrheit* states that when he took the paper to the *Volksfreund* office, the proprietor of that paper refused to accept it, saying that "*he didn't know what to do with that dirty paper.*" Somehow, he has found enough to do in publishing three or four long abusive articles about it—that is all. A refusal to accept an exchange is pretty good evidence of a refusal to exchange, one would suppose.

MORE OF THE SAME SORT. The Locos affect to be so delighted with the result of the Niagara Falls Mass Meething, that the Scott men in other states, out of pure good nature, mean to give them plenty more of the same sort. There is to be a gathering at Harrisburg, Penn. on Friday of this week, the anniversary of the battle of Churubusco. Some time in September, the Massachusetts Scott men propose to have a Mass Meeting at Bunker Hill.

THE RIVER AND HARBOR BILL.—Passed the House on the 31st, by a vote of 103 to 75, and will without doubt pass the Senate. This is the best refutation we can give to the whig assertions, so pertinaciously made, that the Democratic party is opposed to internal improvements. It is a practical refutation from a Democratic Congress, and worth all the arguments which could be heaped up.—*Green Bay Advocate.*

It is all very well to say so, but why don't you publish the *vote*, showing that your party voted 62 to 40 *against* the bill?

WAUWATOSA SCOTT CLUB.—See the record of the proceedings on the organization of the Scott Club in Wauwatosa. The good and true whigs who took part in the meeting, and who are appointed to offices in the Club, are a guarantee of the whereabouts of Wauwatosa in November. The work goes bravely on!

POPULATION OF DETROIT.—A census of Detroit has been taken recently for some local purpose. It shows the population to be 26,648, a very large increase since the summer of 1850, when the U. S. census was taken.

LEAD, 40 000 lbs.	FURS, 1 200 lbs.
BRICK, 36 M.	

We have no movement worthy of particular note for the past week. Produce has come in very slowly, the farmers being desirous of taking advantage of the fine weather for securing their crops. New Wheat has come in from day to day, and been taken at warehouses and mills at prices ranging 68@75c. These rates are low, and we regret that we are unable to see any present prospect for better rates. Crops abroad are good, and there is no complaint of the lack of abundant returns to the farmers of the East, except in some few sections.

From what we learn, we are induced to believe that the crop of corn in our State this year, will largely exceed any former crop.

Accounts will be found in another place of the earnest movements made on Saturday evening and yesterday, to push on the work of constructing the Lake Shore Railroad.

ASHES.—Sales made during the week to a limited amount at N. Y. rates, transportation off. Last N. Y. figures 4 75a4 87 for pots—5 38a5 62 for pearls.

CANDLES—Mould 9@9½c—Star 22@25c per lb by the box.

COAL—Lehigh $10,50—Chippewa $5,00@5,50—Erie $5,60.

FISH—White 6,50@7,00 per bbl—Cod at 5 cents per lb—mackerel No. 1, $13, and scarce.

FLOUR—a dull market—receipts from the country light, and very little doing. Sales to a limited amount for home use and export, at low rates for old, say 3 60@3 75 for good to No. 1. New brings 4 00@4 25 for home use. Shipped 500 bbls.

FRUIT—Apples dried 175@1,87½—peaches peeled 1,87½—raisins 2,50@2,75 by the box—currants 8@9c per lb.

GLASS—8×10, $1,25—9×12 and 10×12, $1,50.

GRAIN.—Wheat receipts light during the week. The farmers have been too busy to bring in grain to market, and the prices do not tempt them to extra effort. Sales from day to day at 68@75c. The lots brought in are very choice. We understand some of our farmers mean to place specimens of the crop in competition with western N. Y. wheat at the N. Y. Fair.

OATS—supply low—good demand for home trade and export—shipments have reached about 200,000 bushels so far—we quote at 29@30c, which price is paid readily for all that come in; shipped last week 11000 bushels.

Barley—a few loads of new in market—sales at 28@32.

COLLISION.—The steamer Hendrik Hudson came to the dock yesterday afternoon, with her larboard wheelhouse stove, and her guards smashed, and part of the forward state-rooms and kitchen torn away. It seems she ran foul of the brigantine Gale, of Chicago, off the Point aux Barques, the night before last. The brigantine was badly injured, having one of her masts knocked overboard. The Hudson took her in tow, and brought her down to Port Huron.—*Detroit Adv.* 14th.

PROPELLER IRELAND BURNT.—The Canadian propeller *Ireland*, belonging to Kingston, was burnt to the water's edge on Monday, about nine miles above Quebec on the St. Lawrence. A telegraph dispatch to the underwriters, from which we derive this information, gives no particulars.—*Oswego Times.*

Brig——— (could'nt make out her name.)

Cleared for Chicago—Propeller Buffalo.

Buffalo, Aug. 16.

A most diabolical and fiendish murder was committed this morning in the upper part of our city, at about 3 A. M.

Mrs. Hartman, wife of James Hartman, Esq., who keeps a grocery on the corner of Spruce and Genesee streets, was awoke by two colored men, as she says. On her noticing them, one of them approached the bed, and, with an iron bar, some two or three feet long, struck her husband, who lay at the front of the bed, two blows, one on the head, and the other on the chin, killing him instantly.

One of the fiends then struck her on the right arm, breaking it in two places, and on her attempting to rise, struck her on the head. They then left the house, and she alarmed the neighbors, who came and took her up stairs, where she fainted. She lies in a very precarious state, and is not expected to live.

The above are the only particulars we have as yet been able to obtain.

No inquest has yet been held. The drawer, in which there were several dollars, was found open and the money gone.

James Hartman has been a resident of Buffalo for 20 years, and has a family of children, and was a highly respected man. The bar of iron has been found, and is in possession of the officers.

Whig Congressional Convention at South Bend.

South Bend, Ind. Aug. 13.

9th District.—The largest Whig Congressional Convention ever known in this district met at Plymouth yesterday. Over two hundred delegates were present. The Cass county delegates moved that Schuyler Colfax be nominated by acclamation. He however persisted in his declination.

Judge Horace P. Biddle, of Logansport, was nominated. Speeches were made by Judge Niles, of Logansport, Colfax and others. —reat enthusiasm was manifested.

Dr. Norman Eddy of this place, is the democratic candidate.

Cincinnati, August 11.

DROUGHT IN THE WEST.—The weather is cool and dry. It rained, some in spots yesterday, but dit not do any good.

Advices from Indiana, Kentucky and Ohio, in relation to corn, are most unfavorable. Nearly all the farmers refuse to sell. Parties who have large contracts to deliver hogs at five dollars, are purchasing all the corn and stock hogs they can get.

New York, Aug. 13.

The U. S. frigate Cumberland, Com. Stringham, arrived at Athens on the 16th ult. The frigate San Jacinto, Capt. Crabbe, was expected hourly, with whom Mr. Marsh, our Minister at Constantinople went on board the Cumberland and expressed much pleasure at having the American flag on that station. The sloop-of-war St. Louis, Capt. Ingraham, and steam-frigate Canhampton, Capt. Merwin, now at Norfolk, has sailed to join Com. Stringham's squadron.

The Webster Whigs at New Orleans were to hold a meeting on the 15th for the appointment of delegates to the Philadelphia Convention first of September.

Washington, Aug. 13.

The President has had several long private conversations with Secetary Webster. The latter will return to Massachusetts in about a week.—The President last week directed suits to be commenced against Dr. Gardner for the purpose of obtaining an injunction against the payment to him of the money which he has in deposit at New York and here.

Washington, Aug. 13.

Senate convened; Mr. Houston, rose to a privileged question, he said that the select committee to enquire into abuses, fraud and bribery, &c., had summoned a witness who yesterday refused to be sworn. The witness McGinnis appeared again this morning and after giving his reasons, contumaciously refused to be sworn, he was instructed therefore to report the following resolution:

Resolved, That John McGinnis, in refusing in take the oath propounded to him by the select committee of the Senate, on August 6th 1852, hath committed a contempt of the authorities of this body, and that, therefore, the Sergeant-at-Arms take him into custody, and imprison him in the jail of the District of Columbia, until further orders of the Senate.

The report was received and read. Mr. Houston moved that it be now considered. The Chair said it required unanimous consent. Mr. Chase said let it lie over then, so the subject lies over.

Baltimore, Thursday, Aug. 12.

Senator Dawson, Georgia, has come out in favor of Gen. Scott, and will address the Whig meeting at Cambridge, in this State, on Monday next. Messrs. Morehead and Stainly, of North Carolina, will also speak.

Baltimore, Thursday, Aug. 12.

The Naval Court Martial at Norfolk has acquitted Lieutenant Andrew Weir of the charges brought against him, and found Commander John S. Paine guilty, and sentenced him to be reprimanded and deprived of his command of the Sloop-of-War *Cyane*. The Court has finished all the business before it.

Life at Newport—Servants Attacking a Southerner—Almost a Mob.

Newport, R. I. Aug. 10.

The Ocean House was yesterday the scene of an outrageous assault upon a Southern gentleman, by the band of Irish waiters employed in the establishment. It appears that the gentleman, Mr. Y. of Mississippi, was helping a lady to a dish at dinner on Sunday, when one of the waiters desired to take it from him. It is extremely difficult to obtain anything to eat, and the gentleman in question refused to give it up, especially as he had not helped himself. The waiter persisted, and was exceedingly insolent in his manner, whereupon Mr. Y. took a case knife and cut him about the face. The waiter was carried out, and the gentleman resumed his dinner.

There was no disturbance about the matter until next morning. Mr. Y. went down to breakfast, and anticipating an attack, armed himself.—He called for his breakfast, and while waiting for it, he perceived a movement on the part of the waiters, who approached him banded in a circle. Mr. Y. immediately arose from his seat, drew two pistols, which he held in either hand, and waited for the attack. About 100 men surrounded him, & would have unhesitatingly crushed him had it not been for his coolness in retaining his fire and threatening to kill the first man who came within five paces. He thus kept them at bay, until a number of Southerners (among whom we noticed Col. C. of Louisville, Lieut. M. of the Navy, Mr. W. J., Mr. P. of Alabama, and many others,) came to the rescue. With great difficulty, and after several knock downs, the waiters were expelled from the room. Mr. Y. was taken to his room by his friends He was uninjured, save a wound in the forefinger. Great alarm prevailed among the ladies, and for a while "High Life Below Stairs" had the sway.

Mr. Y. was urgently requested to leave with his family, as there was every chance for another attack, which must have ended in great bloodshed. He left yesterday, accompanied by at least fifty friends, and hundreds of Suotherners who could not leave with him, have determined to leave today.—*New York Tribune.*

HORRIBLE TRAGEDY AT DARIEN, GA.—MURDER AND SUMMARY PUNISHMENT.—A friend has shown us a private letter from Darien, Ga., dated on the 29th of July, which contains the details of a dreadful tragedy recently enacted at that place. We are permited to copy the following particulars:

"There were five negroes—four men and one women—hung in this place on the 26th, waiting for the forms of law—the first instance of the kind that ever occurred here. These negroes murdered their master, James Houston, a planter, upon an Island three miles from the main land, six weeks ago.

"Mr. Houston was a young unmarried man of one of the best families in the State, and was the only white person on the island where he resided. On the day of the murder he had one of the women whipped for misconduct. About dark he laid down to sleep. The men took the opportunity and seized him, stripped him, tied his hands behind him, and fastened him to a tree, with a chain about his neck—the woman holding a light during the whole time. They then, with a cowskin, inflicted upon him a hundred lashes, he begging for his life, and the woman crying out to them to "give him more," while seven other women belonging to the same plantation were on their knees pleading for his life. They also beat him with a" paddle,' cutting his head and face dreadfully. Exhasted by their exertions, they left their victim for several hours in this condition. At midnight they returned to their murderous work, and finished him with three blows of an axe upon the head. They then buried him in a marsh, turning his boat bottom-side up, and setting his hat floating down the river, to create an impression that he was drowned, and such, for several days, was supposed to be the case.

Suspicions at length being excited that all was not right, enquiries were made, and the truth elicited. The five negroes were arrested, brought to town, committed to jail, and a meeting of the citizens called. There could be no action in the case by the regular courts until the last of November: and as the negroes are in this county about twenty to one white person, there was no knowing what effect the murder might have upon their minds before legal action could be had. It was therefore, decided to be necessary that something should be done at once.

"After several meetings, at which the matter was deliberately considered, it was finally, on Saturday last, a majority of the voters of the country being present, decided—by a vote of ninety to three—that the culprits be immeadiately tried. A jury was selected, the names of all present being put in a hat, and twelve drawn there from for that purpose.

The trial proceeded, and the negroes were found guilty and sentenced to be hung on the 16th which sentence was fully carried into effect, as above stated. Each confessed his guilt."—*Boston Journal.*

SAGACITY.—The *Wisconsin*, with its usual sagacity, has discovered that the nomination of John P. Hale will "ensure the election of General Pierce, inasmuch as Hale must draw the most of his support from the Whigs." One would suppose that if the editor of the *Wisconsin* read the papers, he would not be guilty of such an egregious and inexcusable blunder. We think Hale will draw a great many votes from the Whig party, but his chief support will come from the Democratic party.

How a drowning man will catch at straws—The Wisconsin, and the Hunker press generally, are welcome to interpret the nomination of Mr. Hale as favorable to the election of Mr. Pierce, if they choose.—*Free Democrat.*

SCOTT CLUB.—The members of the Scott Club of Oshkosh, met pursuant to notice, more numerous and enthusiastic than ever before.

The proceedings of the last meeting having been read, E. L. Buttrick Esq. introduced the Hon. A. L. Collins, of Madison. Who explained in a very happy an eloquent strain, the principles and policy of Whig Party, which was frequently responded to by cheers from the immense gathering, who listened with the deepest interest to his truthful, patriotic, and pertinent remarks for more than three hours.

The Committee upon whom devolved the duty of nominating ten persons as an executive Committee, presented the names of the following persons; I. H. Wright, A. N. Raymond, L. B. Reed, A. Washburn, D. C. Hicks, M. Reardon, M. J. Williams, H. H. Reynolds, F. Kellogg, R. H. Bynton.

A motion that the thanks of this Club be tendered to Hon. A. L. Collins, for his very able address was carried with deafening acclamations.

The Club adjourned to meet on the 21st inst. amids demonstration that cannot be mistaken, more strongly resolved to elect their candidate in Nov, 1852. ALVA HANG, President.

CROPS IN NORTHERN ILLINOIS.—Seth Paine, Esq who has just returned from a visit to his farm on Lake Zurich, Lake Co., informs us that throughout the Southwestern part of Lake and the Northwestern part of Cook, a drouth is now prevailing more severe than any that has occurred for many years. Corn is an entire failure; spring wheat is scarcely worth harvesting, and oats are unusually short and light. The farmers are much discouraged.—*Chicago Tribune*, 16th.

NEW RAILROAD.—Our Milwaukee friends are wide awake to their own interest in having a railway connexion with Chicago at the earliest possible moment. Our own city has no little interest in this matter, as we are well aware of the advantages to accrue to Detroit from a railroad to link us with Milwaukee at all sessions. We bid our brethren there God speed, in this important undertaking, their Lake shore railroad.—*Detroit Free Press.*

APPROPRIATE.—The *Free Press* publishes a poetic effusion headed "Cincinnatus and Pierce."—The coincidence is striking; Cincinnatus followed the plough, and Pierce *lay down in the furrow.*—*Detroit Adv.*

☞ The *Free Press* says that Gen. Miller would rather have fought one hundred battles than have made one speech. He would have been a good man for Pierce to *change works* with.—*Detroit Adv.*

Spherical Disinfecting Fluid,

FOR purifying the air of damp and sick rooms, cabins and holds of ships, particularly for passenger ships at sea or in port, prisons, jails, crowded rooms in general, from offensive, close and infectious air of all kinds, including the infectious spheres of cholera, ship typhus, yellow, bilious, scarlet and other fevers of the East or Southern and Western climates in cities and towns, on land and water. Also, for disinfecting the bodies, clothes, and trunks of persons who are in or have been in the atmosphere of infectious diseases.

This fluid is healthy to breathe or take internally, and instead of filling the room with a choking irrespirable air, as the chloride of lime and other chemical preparations in use do, it makes the whole air sweet and salubrious, and at the same time strengthens the respiration and enlivens the spirits of those present, by its balmy, fragrant and tonic influence.

HAWKINS'

STAVE DRESSING MACHINE.

PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey

BARRELS,

and PIPES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves

PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S

GREAT DYSPEPSIA CURER!

THE TRUE

DIGESTIVE FLUID,

OR

GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. 'In all cases,' he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvelous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use of Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

THE TRIBUNE.
SCOTT Leads the Column!—Forward!
"Now, brothers, now is the hour!"

THE publishers of THE NEW YORK TRIBUNE proffer copies of their regular and full Weekly issue (eight large pages, each six columns, of Literature, Politics and News) for the remainder of the Presidential Campaign, commencing with the 7th of August and closing with Nov. 25th, when we confidently hope to announce their triumph,—on the following terms:—

1 copy for the 15 weeks	$0 37½
6 copies, to one address	2 00
10 copies do do	3 00
25 copies do do	7 50

Payment in all cases to accompany the order.

The selection of WINFIELD SCOTT for President and WILLIAM A. GRAHAM for Vice-President, has gratified our ardent wishes and strengthened our earnest hopes. Our conviction has long been fixed that their nomination is the very man fixed and marked out by his heroic achievements—his inestimable services, at critical periods, in preserving our National tranquility and preventing the effusion of blood—by his unquestioned integrity, his self-devoting patriotism, his unrecorded position and his humanity—to unite the Whig Masses in one enthusiastic, invincible host and lead them on to victory. So believing, we have labored and hoped for his nomination, and we now confidently look to the result to justify our sanguine anticipations.

THE TRIBUNE, standing on its own Platform and knowing no other authority but truth, will do its utmost for the election of SCOTT and GRAHAM; but it will not be absorbed by Political discussion. We have chosen to proffer Campaign subscribers a large sheet rather than a small and cheaper one, because the postage is the same, and because we wish to extend the knowledge of what THE TRIBUNE habitually is. The letters of our Associate, BAYARD TAYLOR, who next writes us from Syria, the ruins of Nineveh, Constantinople, &c., will appear every week, with reviews of new Books, Proceedings of Congress and the general Foreign and Domestic News of the day. If there is another Journal in America more valuable or interesting than THE TRIBUNE, it is not because more money or labor is spent thereon.

All the Editions of THE TRIBUNE are printed in large Quarto form, on a sheet 31 by 42 inches, showing eight large and compact pages of reading matter. About half the Daily is devoted to Advertisements, very few of which appear in our other issues. No ten dollar daily in the world contains more reading matter than THE TRIBUNE, which is afforded at $5 per annum, or $1.25 for three months.

SEMI-WEEKLY TRIBUNE:
One copy (per annum) $3; Two do. $5; Ten do. $20.
WEEKLY TRIBUNE:
One copy (per annum) $2; Three do. $5; 8 do. $10; Twenty do. (to one address) $20.

☞ Payment is in all cases required in advance.

Subscriptions for THE CAMPAIGN TRIBUNE, or either of our regular issues, are respectfully solicited. All notes of specie paying banks taken at par and may be remitted at our risk. Please address

THE SUBSCRIBER PLACED HIS FIRE AND BURGLAR-Proof Iron Safe in competition with the whole world at the great Exhibition in London, for which an impartial jury awarded a medal.

The American Fair, held last fall at Castle Garden, also awarded to him a gold medal for the best Fire-Proof Safe, and he has never failed to obtain the highest premium when his Safe has been put in competition with others for that purpose. Certificates have been received from the following well-known mercantile houses, who have had their books, papers and money preserved in these superior Safes within the last thirty days, (and can, with many others, be seen at my store,) viz: Messrs. Stillwell & Montross, and Mr. J. L. Watkins, in the Fulton Street fire; Messrs. Fisher & Robinson, and Messrs. John Lockwood & Co., in the great fire corner of Liberty and Nassau Streets, and Messrs. Proud & Bowman, in Jersey City.

I am the proprietor of HALL'S PATENT LOCK, which obtained a medal (in the name of Adams & Co., Boston,) at the World's Exhibition, and is considered the best Lock for the price, ever invented, being proof against powder, and the Key is no larger than a cent, and can be made changeable.

I invite all purchasers to a close and careful investigation before purchasing, and decide for themselves, who makes the best Fire, Burglar and Damp-Proof Safes combined.

Proprietors and General Manufacturers of
STOVES,
(BOTH WOOD AND COAL.)
FOR COOKING, PARLOR & OFFICE USE; GRATES, FIRE FRONTS, CITY AND COUNTRY HOLLOW WARE, KETTLES of all SIZES, SAD-IRONS, STRAW-CUTTERS, CORN-CRACKERS & SHELLERS, AGRICULTURAL IMPLEMENTS, AND PORTABLE
GRIST MILLS.

THE subscribers, thankful for past favors, beg leave to announce that they have recently added the FOUNDRY business to their former occupation of Mill Stone manufacturing, and are now prepared to supply the public with articles in either branch, on terms that will defy competition.

In offering our Stoves to the community, we do so with the full assurance that we can supply better articles than can be purchased at any other place, being entirely new patterns, manufactured with care and from the very best materials. The following list of patterns is offered with the confidence that they will give satisfaction in every particular, viz:

THE ECONOMIST
DOUBLE OVEN COOKING STOVE,
(Which received the First Premium at the State Fair, lately held at Janesville,)

Possesses great advantages over every other stove, for plain flues and direct application of heat, being so arranged that one or both ovens can be used at pleasure. It will cook in half the time of any other stove now in use, and with half the fuel, not consuming over four cords of wood in one year.

The TRIUMPH, single oven, taken in long wood, is an excellent stove—one that has been well tested and given general satisfaction.

The PREMIUM is different in its construction from any other made, in the arrangement of the fire back—acknowledged to be a great improvement.

The JUNO PARLOR is adapted to either wood or coal, being decidedly the neatest arrangement ever offered to the public, having all the comfort of the stove combined with the beauties of the open grate. It is beautifully ornamental, highly finished, and perfect in every respect—the entire front above and below the grate being capable of being closed with three doors, and so arranged that when open they are completely out of sight. It is equally adapted to offices as well as parlors.

The RADIATOR is the best coal stove ever got up as a retainer of heat.

Persons purchasing their stoves of us, in the event of any of the plates getting broke, can at all times be supplied with extra ones, thus superseding the necessity of throwing away stoves, which many are daily compelled to do in buying Eastern ware.

Those who are in want of an articles in our line, will find it to their advantage to give us a call, before purchasing elsewhere, as we are confident that we can give satisfaction in all cases. City references given, where our stoves can be seen in operation. Stoves delivered and set up in any part of the city, free of charge. All orders promptly attended to.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING, AND GROOVING MACHINE," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries, by letter and otherwise, as to my opinion upon the various notices through the papers, of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find substantially the machine now offered by several pretending inventors, described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country by one Emler, some sixteen years since, and another one put up by Albert Richards, of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty eight years experimenting upon these machines, not one is in use, of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent for my trouble.

JAMES G. WILSON,
May 19, 1849. Philadelphia."

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it as well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will offer to pledge ONE THOUSAND DOLLARS against an equal amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with less power, as much lumber in the same time, and do it as well or better than TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

NO. 1.
R. R. R.
RADWAY'S READY RELIEF,
Is the first and only remedy ever recorded in the Medical History of the World that has stopped the most violent pains in a few seconds.

IT WILL STOP
THE MOST SEVERE PAINS
IN A FEW MINUTES, AND CURE THE MOST OBSTINATE AND TORMENTING RHEUMATIC, NEURALGIC AND NERVOUS COMPLAINTS
IN A FEW HOURS,
INTERNAL AND EXTERNAL.
IT WILL STOP
THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhea	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chilblains	In Five Minutes.
Sore Throat	In Four Hours
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system. It prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralyzes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,
Diarrhea, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,
It relieves the most severe pains in a few minutes—checks the most distressing discharges, and
SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and leave an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extreme low price of $4.25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers, we do so, with the confident assurance they are all we recommend them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

READ AND BE CONVINCED.
[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25—"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine—We speak knowingly of Dr. Hoffland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying, or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and the pamphlets a "BASE FORGERY" which will appear by comparing them with the Genuine. "The certificates are copied verbatim." The proprietor of the Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer.
